DEAL OR STEAL

TikTok Tuesday | Staff Instructions & Materials

Activity: A team trivia game in which correct answers earn the chance to select a hidden Deal or Steal amount. The team with the highest total at the end wins.

Materials

30 printed copies of the approved landscape Deal or Steal graphic; marker or pen to write dollar values on the backs; tape or reusable adhesive; board, wall, or other display surface; a list of trivia questions (optional 150-question packet included); scoreboard and marker; calculator if helpful. Optional: envelopes, folders, prizes, timer.

Preparation & flexible setup

Print approximately 30 identical Deal or Steal cards. Write a hidden dollar amount on the back of each card; include positive and negative amounts if desired. Mix the cards and tape them face-up to a board so amounts remain hidden. Alternatively, place the cards in folders or envelopes, or arrange them in another way that works for the group. **Setup is subject to each location, available space and materials, and preferred style of play. These are basic adaptable rules, not a required physical layout.**

How to Play

1. Divide participants into teams and create a scoreboard.

2. The team with the youngest participant goes first. If there is a tie, staff can draw lots or use a quick tie-breaker.

3. Staff asks the current team one trivia question or gives them a challenge.

4. If the team answers correctly or completes the challenge, it earns the opportunity to select one available Deal or Steal card. Reveal the hidden amount and add or subtract it from that team's total.

5. If the team answers incorrectly, it does **not** choose a card. Play passes to the next team.

6. Continue rotating turns. Each card can be selected only once.

7. At the end of the allotted time or when all cards have been chosen, total the scores. The highest score wins.

Trivia & accessibility notes

Staff may use the attached **150 mixed trivia questions and challenges** or substitute their own questions. Categories include music, television, movies, Disney, Marvel, general knowledge, and movement/acting challenges. Adjust difficulty, offer verbal choices or hints, and adapt physical challenges to each person's abilities. Avoid eliminating anyone from participation.

Suggested 12:00-1:00 PM schedule

12:00-12:10 - Explain rules, form teams, choose starting team.
12:10-12:50 - Trivia rounds and card selections.
12:50-12:57 - Final rounds and score totals.
12:57-1:00 - Announce winner and clean up.

Important

Dollar amounts are pretend game points, not real money or gambling. Staff can choose their own value range and number of cards to match the group.
